

Curriculum Vitae

Name: Matin QAIM
Date/Place of Birth: 20 December 1969; Mainz (Germany)
Nationality: German
Official Address: Center for Development Research (ZEF), University of Bonn,
Genscherallee 3, 53113 Bonn, Germany, Tel. +49-228-73 1861, Fax:
+49-228-73 1869, Email: mqaim@uni-bonn.de

Professional Positions

Since 10/2021 Director, Center for Development Research (ZEF) and Professor of Economic and Technological Change, University of Bonn, Germany
10/2007-09/2021 Professor of International Food Economics and Rural Development, University of Goettingen, Germany
04/2004-09/2007 Professor of International Agricultural Trade and Food Security, University of Hohenheim, Stuttgart, Germany
02/2003-03/2004 Senior Researcher and Team Leader, Center for Development Research (ZEF), University of Bonn, Germany
01/2001-01/2003 Postdoctoral Researcher, Department of Agricultural and Resource Economics, University of California, Berkeley, USA
09/1997-12/2000 Research Associate, Center for Development Research (ZEF), University of Bonn, Germany
09/1996-08/1997 Research Associate, Institute of Food Economics, University of Kiel, Germany

Education and Academic Degrees

2003 Habilitation, University of Bonn; Venia Legendi in “Agricultural and Development Economics”
1997-2000 Doctoral Program in Agricultural Economics, University of Bonn; PhD in October 2000
1993-1996 Agricultural Economics, University of Kiel; “Diplom” (MSc) in July 1996
1990-1992 Agricultural Sciences, University of Bonn; “Vordiplom” in September 1992
1976-1989 Primary School and High School in Juelich (Germany); “Abitur” in May 1989

Main Research Areas

Sustainable Food Systems; Malnutrition and Poverty; Agriculture-Nutrition Linkages; Economics of Agricultural Technology; Smallholder Farming and Rural Development

Country Experiences

Extended research stays and/or project experience in Argentina, Brazil, China, Côte d’Ivoire, Ghana, Egypt, Ethiopia, India, Indonesia, Kenya, Malawi, Mexico, Nicaragua, Pakistan, Philippines, Tanzania, Thailand, Tunisia, Uganda, USA, Vietnam

Awards and Honors

- AAEA Fellow, American Agricultural and Applied Economics Association (2019)
- Elected Member, German National Academy of Sciences – Leopoldina (2018)
- InnoPlanta Science Prize 2015 (for research in the area of crop biotechnology)
- Excellence Award 2011 for Policy-Oriented Development Research of the German Development Bank (KfW) and the German Economics Association
- Elected Member, Goettingen Academy of Sciences (2011)
- Grand Prize for Scientific Achievements, German Agricultural Society (DLG), 2010
- Outstanding Article Award 2007, American Agricultural Economics Association (AAEA)
- Emmy Noether-Stipend/ Grant (2001-2005), German Research Foundation (DFG)
- Nils Westermarck-Award 2003, Intern. Association of Agricultural Economists (IAAE)
- Josef G. Knoll-Science-Award 2000, Eiselen Foundation, for PhD Dissertation

Publications and Public Outreach

- Over 250 Peer-Reviewed Publications in Books and Leading Journals of Agricultural Economics, Development Economics, Environmental Economics, Plant Science, Food Science, Nutrition, and General Interest Journals (e.g., *Science*, *Nature Group*, *PNAS*)
- >50 Invited Keynote Lectures at Large Academic Congresses in Agricultural Economics, Nutrition, Plant Sciences, Biotechnology, Medical Sciences, etc.
- Around 100 Popular Articles in Newspapers, Magazines, and Internet Blogs
- Over 150 Invited Public Lectures on Topics Related to Sustainable Agriculture, Biotechnology, Food Security, Public Health Nutrition, and Global Development Policy
- Frequent Interviews for Large Newspapers, Radio, and TV Channels. Coverage of Research Results in Leading Newspapers (e.g., New York Times, Economist, Newsweek, Nature News, NZZ, FAZ, Spiegel, SZ, The Hindu)

Teaching and Training Experience

- Supervised More than 50 Doctoral Researchers (from 20 Countries) as Main Advisor
- Teaching Prize 2012 for Best Course in the MSc Program Sustainable International Agriculture (Based on Student Evaluations), University of Goettingen
- Teaching in Applied Econometrics, Agricultural Trade, Food and Nutrition Security, Microeconomics, Rural Development Economics, Tropical Agriculture
- Director of International Master Program (MSc) in Agricultural Economics at the University of Hohenheim (2004-2007)

University Committees and Appointments

- Elected Member of the Senate, University of Goettingen (2021)
- Director, Research Training Group “Sustainable Food Systems” (RTG 2654) (2020-2021)
- Director, Research Training Group “GlobalFood” (RTG 1666) (2011-2020)
- Vice-Director, Collaborative Research Center Indonesia (CRC 990) (2012-2021)
- Board of the Faculty of Agricultural Sciences, University of Goettingen (2009-2021)
- Director, Department of Agricultural Economics and Rural Development, University of Goettingen (2013-2015)

- Board of the Center for Tropical Agriculture, University of Hohenheim (2004-2007)
- Board of the Faculty of Agricultural Sciences, University of Hohenheim (2004-2007)

Other Academic Appointments

- President-Elect, International Association of Agricultural Economists (IAAE) (since 2021; Board Member since 2018)
- Expert Group on Sustainable Food Systems, EU Commission (2021)
- Advisory Board, Universal Scientific Education and Research Network (since 2021)
- Task Force on Climate Change and Food, The Royal Society, UK (2020-2021)
- Lead Expert Group, Global Panel on Agriculture and Food Systems for Nutrition (2018-2020)
- Communications Committee, Agricultural and Applied Economics Association (AAEA), USA (since 2018)
- Standing Committee on Life Sciences, Leopoldina, German National Academy of Sciences (since 2015)
- Scientific Advisory Board, Institute for Food and Agricultural Literacy (IFAL), University of California at Davis, USA (2015-2021)
- Adjunct Professor, Department of Agricultural and Resource Economics, Kasetsart University, Bangkok, Thailand (since 2010)
- Steering Committee, German Agricultural Society (DLG) (2014-2017)
- Scientific Advisory Board, German Federal Ministry of Food & Agriculture (2009-2020)
- Board of Trustees, Int. Maize and Wheat Improvement Center (CIMMYT) (2009-2014)
- Board of Directors, Africa Harvest Biotech International Foundation (2009-2014)
- Chair, External Advisory Board, Africa Biofortified Sorghum (ABS) (2006-2010)
- Golden Rice Humanitarian Board (since 2006)
- Board, Council for Tropical/ Subtropical Agricultural Research (ATSAF) (2005-2009)

Editorial Roles

- Associate Editor, American Journal of Agricultural Economics (since 2018)
- Editorial Committee, Annual Review of Resource Economics (since 2015)
- Editorial Board, Food Policy (since 2007)
- Editorial Board, Agricultural and Resource Economics Review (2014-2020)
- Associate Editor, Agricultural Economics (2007-2012), Food Security (2014-2015)
- Editorial Committee, Rural 21 (Magazine for Development Practitioners) (2011-2021)

Languages

Bilingual Fluency in German and English; Very Good in Spanish

Bonn, October 2021

Publication Record (October 2021)

Matin QAIM

Articles in Academic Journals:

1. Debela, B.L., A. Ruml, M. Qaim (2021). Effects of Contract Farming on Diets and Nutrition in Ghana. *Applied Economic Perspectives and Policy*, in press.
2. Meemken, E.-M., C.B. Barrett, H.C. Michelson, M. Qaim, T. Reardon, J. Sellare (2021). Sustainability Standards in Global Agrifood Supply Chains. *Nature Food*, <https://www.nature.com/articles/s43016-021-00360-3>.
3. Debela, B.L., E. Gehrke, M. Qaim (2021). Links between Maternal Employment and Child Nutrition in Rural Tanzania. *American Journal of Agricultural Economics*, Vol. 103, No. 3, pp. 812-830, <https://doi.org/10.1111/ajae.12113>.
4. Purnhagen, K.P., S. Clemens, D. Eriksson, L.O. Fresco, J. Tosun, M. Qaim, R.G.F. Visser, A.P.M. Weber, J.H.H. Wesseler, D. Zilberman (2021). Europe's Farm-to-Fork Strategy and Its Commitment to Biotechnology and Organic Farming: Conflicting or Complementary Goals? *Trends in Plant Science*, Vol. 26, No. 6, pp. 600-606, <https://doi.org/10.1016/j.tplants.2021.03.012>.
5. Altman, A., L.J. Fan, C. Foyer, W. Cowling, R. Mittler, M. Qaim, A.P.M. Weber, M. Reynolds, R.K. Varshney, A. Fernie (2021). Past and Future Milestones of Plant Breeding. *Trends in Plant Science*, Vol. 26, No. 6, pp. 530-538.
6. Knöbldorfer, I., J. Sellare, M. Qaim (2021). Effects of Fairtrade on Farm Household Food Security and Living Standards: Insights from Côte d'Ivoire. *Global Food Security*, Vol. 29, 100535, <https://doi.org/10.1016/j.gfs.2021.100535>.
7. Mehraban, N., C. Kubitza, Z. Alamsyah, M. Qaim (2021). Oil Palm Cultivation, Household Welfare, and Exposure to Economic Risk in the Indonesian Small Farm Sector. *Journal of Agricultural Economics*, Vol. 72, No. 3, 901-915, <https://doi.org/10.1111/1477-9552.12433>.

Invited Lectures at Academic Conferences:

1. Qaim, M. (2021). Landwirtschaft, Ernährungssicherung und globale Nachhaltigkeit. Keynote Lecture at the Annual Conference of the German Crop Science Association, 28-30 September, Rostock.
2. Qaim, M. (2021). Role of Innovative Plant Breeding Technologies for Food Security and Sustainable Agricultural Development. Keynote Lecture at Conference “Socioeconomic Impacts of Emerging Precision Breeding”, Taiwan Institute of Economic Research, 26 August 2021, Taipei (Online).
3. Qaim, M. (2021). Meat Consumption and Sustainable Development: An Overview. Invited Lecture at the 31st Congress of the International Association of Agricultural Economists (IAAE), 17-31 August 2021 (Online).
4. Qaim, M. (2021). Role of New Plant Breeding Technologies for Food Security and Sustainable Agricultural Development. Keynote Lecture at IAMO Forum 2021, Institute of Agricultural Development in Transition Economies, 7-9 June 2021, Halle (Online).
5. Qaim, M. (2021). Biotechnology, Food Security, and the Environment. Keynote at Public Hearing “New GM Techniques in the Food Sector”, European Parliament, Committee on Environment, Public Health, and Food Safety, 10 May 2021, Brussels (Online).

6. Qaim, M. (2021). The Costs of Lost Innovations. Keynote Lecture at the Conference “The Benefits from GMO Regulatory Harmonization”, International Consortium on Applied Bioeconomy Research (ICABR), 4 May 2021, Saskatoon (Online).
7. Qaim, M. (2021). New Plant Breeding Technologies and Sustainable Agricultural Development. Keynote Lecture at the Conference “CRISPR and Food”, Swiss Academy of Natural Sciences, 19 April 2021, Bern (Online).
8. Qaim, M. (2021). Resilient Food Systems in Times of Pandemics. Keynote Lecture at VegMed 2021 Medical Congress, 28 February – 2 March 2021, Berlin (Online).
9. Qaim, M. (2020). Sustainable Food Systems: Trends and Challenges. Keynote Lecture at the Sino-German Science and Technology Platform Conference on “Food Security and Nutrition in a Changing World”, 3 December 2020, Beijing (Online).
10. Qaim, M. (2020). Roles of Plant Breeding for Sustainable Agriculture and Food Systems. Keynote Lecture at ISGP Conference on “Sustainable Agriculture: The Role of Plant Breeding Innovations”, Institute on Science for Global Policy, 17-18 November 2020, Brussels (Online).
11. Qaim, M. (2020). European Perceptions of Palm Oil and Sustainable Production in Smallholder Systems. Keynote Lecture at the CSPPO Conference (Consortium Studies on Smallholder Palm Oil), 17 November 2020, Jakarta, Indonesia (Online).
12. Qaim, M. (2020). Urgency to Overhaul EU’s GMO Regulation in the Context of Climate Change, Sustainable Agriculture, and Economic Pressure. Keynote Lecture at the International Conference “Genome Editing in Europe: New Agenda or New Disputes?” convened by German Research Foundation (DFG) the National Academy of Sciences (Leopoldina), 1-2 October 2020, Brussels (Online).
13. Qaim, M. (2020). Nutrition-Sensitive Agriculture in Developing Countries. Invited Keynote Lecture at the 64th Conference of the Australasian Agricultural and Resource Economics Society (AARES), 10-14 February 2020, Perth, Australia.
14. Qaim, M. (2019). The Role of Modern Plant Biotechnology for Agricultural Development and Food Security. Invited Lecture at the United Nations Panel on CRISPR Technology and its Potential to Transform Agriculture, FAO, 14 November 2019, Rome.
15. Qaim, M. (2019). Supermarkets in Africa: Nutrition Implications for Food Producers and Consumers. Invited Plenary Lecture at the 6th Conference of the African Association of Agricultural Economists (AAAE), 23-26 September 2019, Abuja, Nigeria.
16. Qaim, M. (2019). Improving Gender Equality in African Agriculture. Invited Panel at the 6th Conference of the African Association of Agricultural Economists (AAAE), 23-26 September 2019, Abuja, Nigeria.
17. Qaim, M. (2019). What Role for Nutrition-Sensitive Agriculture in Developing Countries? Invited Lecture at the IAAE Organized Symposium, AAEA 2019 Annual Meetings, Agricultural & Applied Economics Association, 21-23 July 2019, Atlanta.
18. Sellare, J., E.M. Meemken, C. Kouame, M. Qaim (2019). Do Sustainability Standards Benefit Smallholder Farmers also when accounting for Cooperative Effects? Evidence from Cote d’Ivoire. Invited Paper at the AAEA 2019 Annual Meetings, Agricultural & Applied Economics Association, 21-23 July 2019, Atlanta.
19. Qaim, M. (2019). Smallholder Production and Dietary Diversity. Invited Lecture at the SDSN Online-Conference “The Latest Evidence on Nutrition-Sensitive Agriculture”, United Nations Sustainable Development Solutions Network, 3-5 June 2019.

20. Qaim, M. (2019). Research for Sustainable Agriculture and Food Security. Invited Lecture at the Leopoldina Life Science Symposium, National Academy of Sciences, 22-23 May 2019, Halle.
21. Qaim, M. (2019). Can Genetically Modified Organisms Help to Feed the World? Invited Plenary Lecture at the XV International Gottfried von Haberler Conference, 17 May 2019, European Center of Austrian Economics Foundation, Vaduz, Liechtenstein.
22. Qaim, M. (2019). Transformation of Food Value Chains and the Double Burden of Malnutrition. Invited Plenary Lecture at the 4th International Congress on Hidden Hunger, 27 February – 1 March, Stuttgart.
23. Qaim, M. (2018). Does Diversified Agricultural Production Automatically Lead to Improved Nutrition? Invited Keynote Lecture at the Tropentag Conference, 17-19 September 2018, Ghent, Belgium.
24. Qaim, M. (2018). The Future of Agricultural Economics Research in Context of the Sustainable Development Goals. Invited Lecture at the GEWISOLA-Conference, 12-14 September 2018, Kiel.
25. Qaim, M. (2018). Knowledge Gaps in Value Chain Research from a Sustainable Development Perspective. Invited Lecture at the ICAE 2018 Pre-Conference Workshop on 20 Years of Value Chain Research, 28 July 2018, Vancouver.
26. Qaim, M. (2018). Socioeconomic Impacts and Potentials of Genetically Modified Crops in Developing Countries. Keynote Lecture at the 22nd ICABR Conference, International Consortium on Applied Bioeconomy Research, 12-15 June 2018, Washington, DC.
27. Qaim, M. (2018). Links between Agricultural Production Diversity and Dietary Quality in the Small Farm Sector. Keynote Lecture at the Conference “Making Smallholder Agriculture More Nutrition-Sensitive” Organized by Africa Harvest, University of Nairobi, and University of Goettingen, 22-23 March 2018, Nairobi.
28. Qaim, M. A. Fongar, T. Gödecke, L. Jäckering, S. Ogutu, M. Wollni (2017). Improving Agricultural Extension to Promote Nutrition-Sensitive Innovation: Insights from a Randomised Experiment in Kenya. Invited Presentation at the Tropentag, 20-22 September 2017, Bonn.
29. Qaim, M. (2017). Ernährung im Kontext der globalen Nachhaltigkeitsziele. Keynote Lecture at the 25th Anniversary Conference of the Center for Research on Agricultural Landscapes (ZALF), 22 June 2017, Müncheberg.
30. Qaim, M. (2017). Can genetically modified crops contribute to food security and sustainable agricultural development? Evidence from 20 years of impact research. Keynote Lecture at the 3rd Forum of the International Industrial Biotechnology Network (IIBN), 10 May 2017, Ghent, Belgium.
31. Qaim, M. (2017). On the Link between Production Diversity and Dietary Quality in Smallholder Farm Households. Invited Plenary Lecture at the 3rd International Congress on Hidden Hunger, 20-22 March, Stuttgart.
32. Qaim, M. (2016). Socioeconomic Impacts of Genetically Modified Crops are Pro-Poor. Invited Plenary Lecture at the Biennial Conference of the Pontifical Academy of Sciences, 25-29 November, Vatican City.
33. Qaim, M. (2016). The Role of Genetically Modified Crops for Food Security. Invited Keynote Lecture at the CIMMYT 50th Anniversary Conference (International Maize and Wheat Improvement Center), 27-29 September, Mexico City.

34. Qaim, M. (2015). Does Globalization of Agrifood Systems Provide Sustainable Nutrition? Invited Lecture at the 12th European Nutrition Conference, Federation of European Nutrition Societies (FENS), 20-23 October, Berlin.
35. Qaim, M. (2015). Food and Nutrition Security and the Important Role of Agricultural Development. Invited Keynote Lecture at the Development Finance Forum, German Development Bank (KfW), 9-10 July, Frankfurt.
36. Qaim, M. (2015). Economic, Environmental, and Health Effects of Genetically Modified Crops. Keynote Lecture at the 19th ICABR Conference (International Consortium on Applied Bioeconomy Research), 16-19 June, Ravello.
37. Qaim, M. (2015). The Economics of Agricultural Biotechnology. Keynote Lecture at the International Conference “Food in the Bio-based Economy”, Wageningen University, 27-29 May, Wageningen.
38. Qaim, M. (2014). Food Security, Agricultural Technology and Crop Protection. Plenary Lecture at the 59th German Crop Protection Conference, 24 September, Freiburg.
39. Qaim, M., C.I.M. Andersson, C.G.K. Chege, S.C. Kimenju, S. Klasen, R. Rischke (2014). Nutrition Effects of the Supermarket Revolution on Urban Consumers and Smallholder Farmers in Kenya. Invited Paper at the Annual Meeting of the Agricultural and Applied Economics Association (AAEA), 27-29 July, Minneapolis, MN.
40. Qaim, M. (2014). Economic and Social Impacts of GM Crops. Keynote Lecture at Conference on “Promoting Agricultural Biotechnology for Sustainable Development in Africa” organized by the Network of African Science Academies (NASAC) and the European Academies Science Advisory Council (EASAC), 25-26 February, Addis Ababa.
41. Qaim, M. (2013). Potentials of Plant Biotechnology in Developing Countries. Invited Plenary Lecture at the Leopoldina-Symposium “The Future Model of Agrarian Land Use”, German National Academy of Science, 28-29 October, Halle.
42. Qaim, M. (2013). How to Evaluate Nutrition and Health Impacts of Agricultural Innovations. Keynote Lecture at the Science Forum 2013, Consultative Group on International Agricultural Research (CGIAR), 23-25 September, Bonn.
43. Qaim, M. (2013). Agriculture-Nutrition Linkages and the Potential Role of Genetically Modified Crops. Keynote Lecture at the Hidden Hunger International Congress, University of Hohenheim, 6-9 March, Stuttgart.
44. Qaim, M. (2012). What Shall We Eat? What Shall We Drink? – Global Food and Water Management. Invited Lecture at the Symposium “Already Beyond? 40 Years Limits to Growth”, Volkswagen Foundation, 28-29 November, Hannover.
45. Qaim, M. (2012). Increasing Agricultural Productivity: How Can We Achieve More Efficient Production Systems? Invited Lecture and at The Economist Conference “Feeding the World: The 9-Billion People Question”, 8 February 2012, Geneva.
46. Qaim, M. (2011). Using Food Consumption Data to Assess Nutrition and Health Impacts of Agricultural Interventions. Invited Plenary Lecture at the Conference “Measuring Effects of Agri-Health Interventions” organized by the London International Development Center and IFPRI, 12-13 May, London.
47. Qaim, M. (2010). Der Mensch lebt nicht vom Brot allein – Weltseuche Nährstoffmangel. Invited Plenary Lecture at the 126th Congress of the Deutsche Gesellschaft der Naturforscher und Ärzte (GDNA), 17-21 September, Dresden.

48. Qaim, M. (2010). Economic and Social Impacts of Genetically Modified Crops in Developing Countries. Invited Keynote Lecture at the 12th International Association for Plant Biotechnology (IAPB) World Congress, 6-11 June, St. Louis.
49. Qaim, M. (2009). Economic Consequences of Golden Rice and other Genetically Modified Crops. Invited Lecture at the 10th Science & Society Conference of the European Molecular Biology Organization (EMBO), 6-7 November, Heidelberg.
50. Qaim, M. (2009). Socioeconomic Impacts of Genetically Modified Crops in Developing Countries. Invited Lecture at the EMBO (European Molecular Biology Organization) Conference, 29 August – 1 September, Amsterdam.
51. Qaim, M. (2009). Benefits of GM Crops for the Poor: Household Income, Nutrition, and Health. Invited Lecture at the Conference of the Pontifical Academy of Sciences, 15-19 May, Vatican City.
52. Qaim, M. (2008). Golden Rice in the Society: The Role of Impact Assessment. Invited Lecture at the Bertebos Conference, The Royal Swedish Academy of Agriculture and Forestry, 7-9 September, Falkenberg.
53. Qaim, M., A.J. Stein (2008). Economic Consequences of Golden Rice. Invited Lecture at the Fourth Conference of the European Plant Science Organisation (EPSO), 22-26 June, Toulon.
54. Qaim, M., A. Stein, J.V. Meenakshi (2006). Economics of Biofortification. Invited Keynote Lecture at the 26th IAAE Conference (International Association of Agricultural Economists), 12-18 August, Queensland, Australia.
55. Qaim, M. (2005). Agricultural Biotechnology Adoption in Developing Countries. Invited Principal Paper at the Annual Meeting of the American Agricultural Economics Association, 24-27 July, Providence, Rhode Island.
56. Qaim, M., I. Matuschke (2004). Economics of GM Crops: An International Perspective. Invited Plenary Paper at the Conference on Biotechnology and India's Development, November 22-24, Institute for Social and Economic Change, Bangalore, India.
57. Qaim, M. (2000). Globalization and Biotechnology: Risks and Opportunities for Farmers and Consumers. Invited Plenary Talk at the 24th IAAE Conference (International Association of Agricultural Economists), 13 August, Berlin.
