Center for
Development Research
University of Bonn

The Center for Development Research (www.zef.de) is a reputable international and interdisciplinary research institute of the Rheinische Friedrich-Wilhelms-University of Bonn, Germany. Within ZEF's Department of Ecology and Natural Resource Management, we invite applications for the position of

Student/Scientific Research Assistant

(8-10 hours per week)

LANUSYNCON and the Future Rural Africa

With a focus on the East and Southern African regions, [Lanusyncon](#) aims to integrate different disciplines, perspectives and actors to better understand the nexus between economic development and environment. In the Collaborative Research Center Future Rural Africa, the teams seeks to understand the role of rural roads investment on livelihoods and environment. For more information, visit [Future Roads](#).

We are looking for support in some of the following research areas and activities

- Spatial data preparation and analysis.
- Literature search and support with drafting documents.
- Statistical data preparation including entry, cleaning and analysis.
- Qualitative data analysis.
- Supporting with stakeholder workshop preparation including communication and materials.
- Other tasks as assigned by team lead.

Requirements

- Student or degree preferably in Geography, Agricultural economics, Environment, Ecology or any closely related discipline.
- Good command in English language both spoken and written.
- Knowledge in remote sensing and GIS software (QGIS etc.) and/or data analysis in R.
- Excellent knowledge in Microsoft Office.
- Ability to work independently and communicate effectively in the team.

Interested candidates should submit their cover letter and CV as one PDF document to vmosetin@uni-bonn.de until the 15th of September 2022. For any queries, please contact Mr. Vincent Moseti via vmosetin@uni-bonn.de.
